

LEADING MEDICAL BRANDS SUPPORT THE 13TH CONGRESS OF APSR 2008

It is only 6 months counting down to the international medical event of The 13th Congress of APSR 2008 which will be held on 19-22 November at Queen Sirikit National Convention Centre. GlaxoSmithKline (Thai) Ltd. and Pfizer (Thai) Ltd. have agreed to support this great event.

Dr. Sunetra Chinnapha, the Medical Director of GlaxoSmithKline Thailand Co.,Ltd. said “ **GlaxoSmithKline (Thai) Ltd** understands the plight of patients suffering from **respiratory diseases** and doctors attempt to find more solutions to treat patients from these diseases. We are proud to be a supporting partner of the 13th Congress of APSR 2008. ”

“**Knowledge, experience and innovation** sharing among medical doctors and personnel is the focal objective of the Congress. As health is life, the ultimate beneficiaries are for respiratory diseases’ patients, their family and medical personnel. We surely expect that the event will promote better health and life of Thai and Asian Pacific population.”

Dr. Oranut Arunatut, the Medical Director of Pfizer Thailand Co.,Ltd. said, “ Our company’s missions are to work and cooperate with communities to **develop people’s life quality and to participate in academic advance with medical personnel**. We are very pleased to support the 13th Congress of APSR 2008 as its aims are to share knowledge and develop innovations; as well as discuss suitable approaches and treatments to fight against the diseases.”

“We hope that the congress will be most successful and outstanding with more than 2,000 honorable delegates because **Thailand greatly offers the interesting attractions from modern facilities to hospitality, great services to natural resources, and most importantly our Thai culture.**”
