2nd SingHealth Pleural Disease Webinar

Saturday, 03 Aug 2024, 1.00pm – 6.30pm
Online via Zoom

Introduction: Pleural disease is extremely common but often a challenge to manage well. This webinar will cover a range of important topics in pleural disease. We aim to discuss problems that are commonly encountered in patients with pleural disease, highlight nuances in clinical management, and present the latest updates in this rapidly evolving field.

Target Audience: Physicians, trainees, residents and specialist nurses with an interest in pleural disease.

Registration Fees (inclusive of 9% GST):

SGD 15 (before 01 Jul 2024)

SGD 25 (From 01 Jul 2024)

Registration will close on 21st June 2024. After successful registration with complete payment, participants will receive the Zoom Event login details nearer to the date of the workshop.

Note: CPE and CME points will be awarded. Fees will not be refunded. For enquires please contact Cassandra Wong at cassandra.wong.y.x@sgh.com.sg
